## GENERAL CONSTRUCTION (WHITE CARD)

Our white card construction induction training course is designed to train participants in how to carry out tasks safely whilst working in the construction industry.

The course teaches participants personal awareness of occupational health and safety legislative requirements, and the basic principles of risk management and prevention of injury and illness in the construction industry.

## THE UNIT OF COMPETENCY

The unit of competency CPCWHS1001 Prepare to Work Safely in the Construction Industry covers the following topics:

- ❖ Identify health and safety legislative requirements of construction work
- ❖ Identify construction hazards and risks control procedures
- ❖ Identify health and safety communication and reporting processes
- ❖ Identify incident and emergency response

**Our White Card is NSW approved, valid in each State and Territory and is a legal requirement for those people doing construction work and traffic control. It is also commonly referred to as Construction Induction Card.**

## HOW THE PROGRAM WORKS!

- ❖ Attend 1 day training 8:30am – 4:00pm
- ❖ No pre- course training required
- ❖ Trained by Work Health & Safety experts approved by Safe Work NSW
- ❖ Assessment results provided on the day
- ❖ Statement of Attainment provided on the day
- ❖ Includes NSW Construction Induction plastic card (which will be mailed by Safework NSW)
