

# RII30820

## Certificate III in Civil Construction Plant Operations

The RII30820 Certificate III in Civil Construction Plant Operations reflects the role of a skilled operator working with civil construction plant, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge. The individual may provide theoretical advice and support a team.

### KEY OUTCOMES

- Implement and follow work health and safety.
- Use and interpret workplace documents.
- Undertake plant operations.
- Use plant and equipment to undertake civil construction activities.
- Undertake civil construction activities.

### Volume of Learning

Learners should expect a duration between 12 and 24 months to meet the requirements of RII30820 Certificate III in Civil Construction Plant Operations, which is consistent with the AQF volume of learning indicators for a Certificate III qualification. This may vary depending upon prior experience and study.

Decisions about the duration of this qualification consider the candidates' likelihood of successfully achieving the learning outcomes and ensure that the integrity of the qualification's outcomes are maintained.

### MODES OF DELIVERY

- Face to face workshops
- Online

### QUALIFICATION PATHWAYS

- RII40720 - Certificate IV Civil Construction

### CAREER OPPORTUNITIES

- Civil Construction worker
- Civil Foundations Worker
- Mobile Plant Operator

### Entry Requirements

There are no pre-requisite entry requirements for this course of study. Students must undergo a Language, Literacy & Numeracy evaluation prior to commencement of studies.

### Assessment

The assessment in this qualification involves a variety of workbook activities, practical tasks, and project work. Participants will be supported by their trainer throughout their journey.

### Course Fees

Your course fee includes the delivery and assessment of your qualification, your study materials (including all resources) and on-going support from our training team.

Further detailed information on your course, fees and charges, relevant student policies and procedures and to view the student handbook, please visit our website at [www.eaglewingtraining.com.au](http://www.eaglewingtraining.com.au) or contact Eagle Wing Education and Training 02 4365 0040.

## UNITS OF STUDY

### RII30919 Certificate III in Civil Construction Plant Operations

#### Implement and Follow Work Health and Safety

RIIWHS201E	Work safely and follow WHS policies and procedures	Core
RIICOM201E	Communicate in the workplace	Core
RIISAM201E	Handle resources and infrastructure materials and safely dispose of non-toxic materials	Core
RIIRIS301E	Apply risk management processes	Core

#### Use and Interpret Workplace Documents

RIIBEF201E	Plan and organise work	Core
RIICCM201E	Carry out measurements and calculations	Core
RIICCM203E	Read and interpret plans and specifications	Core

#### Undertake Manual Excavation Activities

RIICCM202E	Identify, locate, and protect underground services	Core
RIISAM203E	Use hand and power tools	Core
RIISAM204E	Operate small plant and equipment	Core
RIICCM205F	Carry out manual excavation	Core
RIICCM207E	Spread and compact materials manually	Core
RIICCM208E	Carry out basic levelling	Core

#### Undertake Plant Operations

RIIHAN308F	Load and unload plant	Elective
RIICCM206E	Support plant operations	Core
RIIWMG203E	Drain and dewater civil construction site	Core
RIIMPO317F	Conduct roller operations	Elective
RIIMPO337E	Conduct articulated haul truck operation	Elective
RIIMPO320F	Conduct civil construction excavator operations	Elective
RIIMPO316E	Conduct self-propelled compactor operations	Elective

## Why study with Eagle Wing Education & Training?

We provide tailored courses that are nationally recognised. They are accredited courses that are aligned to meet your specific requirements of education and training within the Civil Construction Industry.

Our trainers and assessors work within the industry and continuously develop their professional portfolios.

Our courses are rigorous and easy to implement with our project team conducting face-to-face sessions using appropriate methods of training and assessment that will deliver the best results for you.

We can provide recognition of Prior Learning (for people who have evidence to support their current competence in the relevant units of competency which comprise the qualification).

Industry experience enables our professional trainers and assessors to make courses easier to engage in.

**After-all, training will only get the results if the execution is right!**
