

RII30920

Certificate III in Civil Construction (Pipe Laying)

The RII30920 Certificate III in Civil Construction (Pipe Laying) reflects the role of a skilled operator working with civil construction, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge. The individual may provide theoretical advice and support a team.

KEY OUTCOMES

- Implement and follow work health and safety.
- Use and interpret workplace documents.
- Undertake manual excavation activities.
- Undertake civil construction activities.
- Undertake pipe laying activities.

Volume of Learning

Learners should expect a duration between 12 and 24 months to meet the requirements of RII30920 Certificate III in Civil Construction (Pipe Laying), which is consistent with the AQF volume of learning indicators for a Certificate III qualification. This may vary depending upon prior experience and study.

Decisions about the duration of this qualification consider the candidates' likelihood of successfully achieving the learning outcomes and ensure that the integrity of the qualification's outcomes are maintained.

MODES OF DELIVERY

- Face to face workshops
- Online

QUALIFICATION PATHWAYS

- RII40720 - Certificate IV Civil Construction

CAREER OPPORTUNITIES

- Pipe Layer
- Civil Construction Worker

Entry Requirements

There are no pre-requisite entry requirements for this course of study. Students must undergo a Language, Literacy & Numeracy evaluation prior to commencement of studies.

Assessment

The assessment in this qualification involves a variety of workbook activities, practical tasks, and project work. Participants will be supported by their trainer throughout their journey.

Course Fees

Your course fee includes the delivery and assessment of your qualification, your study materials (including all resources) and on-going support from our training team.

Further detailed information on your course, fees and charges, relevant student policies and procedures and to view the student handbook, please visit our website at www.eaglewingtraining.com.au or contact Eagle Wing Education and Training 02 4365 0040.

UNITS OF STUDY

RII30919 Certificate III in Civil Construction (Pipe Laying)

Implement and Follow Work Health and Safety

RIIWHS201E	Work safely and follow WHS policies and procedures	Core
RIIRIS201E	Conduct local risk control	Elective
RIIRIS301E	Apply risk management processes	Core
RIIWH302E	Implement traffic management plan	Elective
RIICOM201E	Communicate in the workplace	Core

Use and Interpret Workplace Documents

RIIIMG301E	Maintain site records	Elective
RIIBEF201E	Plan and organise work	Core
RIICCM201E	Carry out measurements and calculations	Core
RIICCM203E	Read and interpret plans and specifications	Core

Undertake Manual Excavation Activities

RIICCM202E	Identify, locate, and protect underground services	Elective
RIISAM203E	Use hand and power tools	Core
RIISAM204E	Operate small plant and equipment	Core
RIICCM205F	Carry out manual excavation	Elective
RIICCM207E	Spread and compact materials manually	Elective
RIICCM208E	Carry out basic levelling	Elective
RIICRC201E	Repair potholes	Elective

Undertake Civil Construction Activities

RIIMPO320F	Construct civil construction excavator operations	Elective
RIIHAN308F	Load and unload plant	Elective
RIICCM206E	Support plant operations	Elective
RIICCM210E	Install trench support	Elective
RIISAM201E	Handle resources and infrastructure materials and safely dispose of non-toxic materials	Elective

Undertake Pipe Laying Activities

RIIWMG203E	Drain and dewater civil construction site	Elective
RIICPL304E	Install pre-cast gully pits	Elective
RIICRC203E	Install sub-soil drainage	Elective
RIICRC208E	Lay pipes	Elective
RIICPL302E	Install storm water systems	Elective

Why study with Eagle Wing Education & Training?

We provide tailored courses that are nationally recognised. They are accredited courses that are aligned to meet your specific requirements of education and training within the Civil Construction Industry.

Our trainers and assessors work within the industry and continuously develop their professional portfolios.

Our courses are rigorous and easy to implement with our project team conducting face-to-face sessions using appropriate methods of training and assessment that will deliver the best results for you.

We can provide recognition of Prior Learning (for people who have evidence to support their current competence in the relevant units of competency which comprise the qualification).

Industry experience enables our professional trainers and assessors to make courses easier to engage in.

After-all, training will only get the results if the execution is right!
