

TLI30321

Certificate III in Supply Chain Operations

The TLI30321 Certificate III in Supply Chain Operations reflects the role of individuals engaged in supply chain operations and includes specialisations for logistics and warehousing operations. It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in selecting equipment, services or contingency measures within known time constraints. It may also include responsibility for coordinating the work of others.

KEY OUTCOMES

- Implement and follow work health and safety.
- Organising receipt and despatch.
- Completing workplace documentation and organising records.
- Maintaining stock control.
- Monitoring security.
- Calculating mass, area and dimensions

Volume of Learning

Learners should expect a duration between 12 and 24 months to meet the requirements of TLI30321 Certificate III in Supply Chain Operations, which is consistent with the AQF volume of learning indicators for a Certificate III qualification. This may vary depending upon prior experience and study.

Decisions about the duration of this qualification consider the candidates' likelihood of successfully achieving the learning outcomes and ensure that the integrity of the qualification's outcomes are maintained.

MODES OF DELIVERY

- Face to face workshops
- Online

QUALIFICATION PATHWAYS

- TLI40321 – Certificate IV in Supply Chain Operations

Note: This RTO may not offer any pathways listed above.

CAREER OPPORTUNITIES

- Logistics operator
- Supply chain administration officer
- Supply chain administration operator
- Warehouse operator

Entry Requirements

There are no pre-requisite entry requirements for this course of study. Students must undergo a Language, Literacy & Numeracy evaluation prior to commencement of studies.

Assessment

The assessment in this qualification involves a variety of workbook activities, practical tasks, and project work. Participants will be supported by their trainer throughout their journey.

Course Fees

Your course fee includes the delivery and assessment of your qualification, your study materials (including all resources) and on-going support from our training team.

Further detailed information on your course, fees and charges, relevant student policies and procedures and to view the student handbook, please visit our website at www.eaglewingtraining.com.au or contact Eagle Wing Education and Training 02 4365 0040.

 EDUCATION & TRAINING

Why study with Eagle Wing Education & Training?

We provide tailored courses that are nationally recognised. They are accredited courses that are aligned to meet your specific requirements of education and training within the Civil Construction Industry.

Our trainers and assessors work within the industry and continuously develop their professional portfolios.

Our courses are rigorous and easy to implement with our project team conducting face-to-face sessions using appropriate methods of training and assessment that will deliver the best results for you.

We can provide recognition of Prior Learning (for people who have evidence to support their current competence in the relevant units of competency which comprise the qualification).

Industry experience enables our professional trainers and assessors to make courses easier to engage in.

After-all, training will only get the results if the execution is right!
